

# SircleLam SG-330

## 13" Pouch Laminator

Temperature Control

Laminates Photos

Standby Mode

The SircleLam SG-330 13" pouch laminator is suitable for medium usage in a home or office environment. Designed with four silicon rollers, the SG-330 provides the perfect seal for 3-10mil pouches. Its variable temperature control incorporates a hot temperature as well as a cold temperature setting to allow for the lamination of temperature sensitive documents.
